

Intercom

USB Audio Device for the Hands-Free Communication

The Intercom is the new version of Tipro's Speakerbox.

- » Compact design.
- » A single, large speaker which can produce a higher volume and lower frequency tones than the current Speakerbox.
- » It can be used on its own, as USB audio device or in combination with a Handset or FREE keyboard.
- » Besides this, it can be used in combination with the new BF03 as a very compact console solution.
