

# Product Change Notification

March 2021

Affected products:

- **Controllers in FREE Keyboard Modules**

Dear Partners,

As we have not been selling external Tipro modules for some time already, we have decided to update the keyboard controller and remove the external Tipro Bus connector. If you don't use Tipro external modules the change should have no effect for you. No action is necessary in this case. In case you do use Tipro external modules, we encourage you to place last time order as soon as possible. The change will not be immediate, but we expect it to happen by the end of 2021.

In case of any related questions, please feel free to contact us at [sales@tipro.si](mailto:sales@tipro.si)

Sincerely,  
Tipro Marketing & Sales
