Driver Update Notes

Tuesday April 24, 2012

The information given in this document is carefully checked and believed to be reliable. However, Distec takes no responsibility for any failure or product damage caused by the application of this information. Please check all connections carefully with the data sheet. Distec products are not intended for use in systems in which failures of product could result in personal injury. All mentioned trademarks are registered trademarks of their owner.

All specifications are subject to change without notification.

➔ Driver update from V5.0.x.xxxx up to V6.0.0.xxxx

Since the major version of the driver has changed, it will become necessary to entirely remove existing older drivers from the system in order to use the new driver.

This is done the following way:

- Remove every Artista device from the control PC.
- Uninstall the previous ArtistaDesktop driver
- Uninstall the Netbus driver
- Uninstall the previous Mainclass driver
- Reboot the system after these steps!
- Install the new drivers as needed.
- Connect now each device again to the system and go through the installation procedures.

Our company network supports you worldwide with offices in Germany, Turkey, Great Britain and the USA. For more information please contact:
